Week 10-3-22

Grade

5: We are going to start work on our pattern project while the clay is being fired in the kiln. We will draw together and some independent work. I will demonstrate some patterns the students will copy and then some will be students making their own.

4: We watched a video about mixing colored pencils and learned techniques that we will apply on a scarecrow project.

3: We will learn about organic shapes. There are two kinds of shapes organic and geometric shapes. Geometric shapes are the ones with the names and organic are abnormal shapes that don't follow rules and can have straight or curved sides.

2: We will start work with bubble/block letters. Students have trouble drawing these styles of letters. Bubble and block lettering is used in many kinds of design products. We will also use shading and color to complete our letters. Our objective is to make letters that resemble the block and bubble style and use good craftsmanship.

1: We are going to draw a tree from a perspective of looking straight up into the branches.

Kg: We will draw a house and use crayons and water colors to make a resist.
