

Lessons

Week 9-26-22

Grade

5: We are going to start work on our pattern project while the clay is being fired in the kiln. We will draw together and some independent work. I will demonstrate some patterns the students will copy and then some will be students making their own.

4: We will watch a video about mixing colored pencils and learn techniques that we will apply on a project.

3: We will learn about organic shapes. There are two kinds of shapes organic and geometric shapes. Geometric shapes are the ones with the names and organic are abnormal shapes that don't follow rules and can have straight or curved sides.

2: This week we will paint pumpkins using shades and tints. Students will learn about mixing black and white into colors.

1: We are going to draw a bird and a scarecrow. The bird will be very close and the scarecrow will be far showing depth/perspective.

Kg: We will draw a pumpkin again but this time they will paint them. Hopefully they will need less help drawing the pumpkin after working on it last week.

5: VA:Cr1.1.5a Combine ideas to generate an innovative idea for art-making

4: VA:Cr1.1.4a multiple approaches to a creative art or design problem

3: VA:Cr1.1.3a Elaborate on an imaginative idea

2: VA:Cr1.1.2a multiple approaches to an art or design problem.

1: VA:Cr2.1.1a Use materials to make work of art

Kg: VA:Cr2.1.Ka Build skills in media
