

## Lessons

Week 9-5-22

### Grade

5: We are going to finish a lesson on color. We will make a butterfly together and then students will make some on their own. The next week we will learn more about color schemes, that they can use to paint their butterfly.

4: We will start work on a project where we experiment with using oil pastels. We will talk about how they are made from oil and should not be rubbed on clothing. We will also watch a video about how to mix them which is fun because they are so soft and easy to mix.

3: We are going to work on a 2D/3D project. We are going to draw a castle on a piece of paper and cut it out so that the windows and doors open.

2: This week we will finish to finally make a picture of a landscape silhouette. The objects and the ground will be black and the sky will be bright colors.

1: We will finish our drawing of 3 birds with crayons. We will paint the birds with watercolor paint.

Kg: We will color a cruise ship one step at a time. Students are still gaining confidence and learning to follow along.
